

Will you mmm... Propose at The Galileo?

The Galileo Open Air Cinema provides the ideal romantic setting to ask the once-in-a-lifetime question in the most memorable way. With romantic classics on screen throughout the season, you can create an everlasting memory with your loved one.

Procedure

1. View the season lineup by visiting <http://thegalileo.co.za/movies-program/>.
2. Submit date choice to office@thegalileo.co.za to confirm we are able to host your proposal on your chosen date.
3. Buy tickets to the desired show by visiting <http://thegalileo.co.za/buy-tickets/>.
4. Make a video OR slideshow (not both) of **no longer than 90 seconds** that you would like to project onto the screen (longer material will not be accepted).
5. Send the video/slideshow to The Galileo for approval at least two weeks before your proposal date.
6. Should changes need to be made, The Galileo will let you know and you'll need to resubmit your material.

* We are happy to accommodate special requests, so just ask us!

The Video / Slideshow

Video

Videos should be recorded in high resolution and should be in avi. format.

Submissions must be sent via dropbox to office@thegalileo.co.za as early as possible (latest two weeks before your proposed date).

Should any edits be required, the updated video should be resubmitted for approval (The Galileo will not make any changes to the video).

The final video must be finished at least one week before the date you wish to propose or else we cannot accommodate you.

Once the final video has been approved, the proposal will be added to the on-screen line-up for the desired date.

A microphone is available should you wish to use it.

Slideshow

Slideshows should be developed in Microsoft PowerPoint.

Under File > Page Set Up, set the page size to On Screen Show (16:9) – very important.

As a guide, each slide should be visible for 8-10 seconds, depending on how much writing is on each slide. Make sure you watch it a few times and ensure the length of time is correct on each slide.

Make sure you leave at least a 10% border on each slide as the sides of the image are lost when projecting on the screen.

Sound can be added to the slideshow.

Submissions must be sent to office@thegalileo.co.za for approval at least two weeks before your proposal date.

Should any edits be required, The Galileo will let you know and you will need to resubmit your presentation (The Galileo will not make any changes to the slideshow).

The final slideshow must be finished at least one week before the date you wish to propose.

Once the slideshow has been approved, the proposal will be added to the on-screen line-up for the desired date.

A microphone is available should you wish to use it.

Order of Events

Proposals at The Galileo adhere to the following process:

1. Doors to the venue open at 6pm.
2. Make sure you tell the staff where you are sitting – we will need to know this.
3. The movie starts once the sun has set (check the ticket/schedule for times).
4. Adverts and trailers play first.
5. Your proposal is then shown on screen just before the movie starts.
6. The movie plays.

Cost

The cost of proposing at The Galileo is R300 and includes a little gift from The Galileo.

Congratulations on your upcoming engagement and we hope that the special night you spend at The Galileo is one of the most memorable of your life!
